EVENTI E CONGRESSI

# SARDINIAN WEEK 1-6 OTTOBRE 2018

*Cari amici e colleghi,*

*è un piacere e un onore riunirvi nella mia terra per il 7° Convegno internazionale Italo Bulgaro.*

*Il programma prevede un corso pre congressuale di Oto-Imaging correlato alle applicazioni di protesi uditive nel trattamento della sordità e un convegno – “con la testa sul collo” - su Dieta e tumori con esperti internazionali nel campo della nutrizione legata all'oncologia.*

*Il programma congressuale beneficerà della traduzione simultanea per affrontare i seguenti argomenti: il ruolo del rinologo nel trattamento delle OSAS, il trattamento medico delle riniti e delle rinosinusiti croniche, la rinoplastica e la chirurgia plastica facciale, i tumori rinosinusal.*

*Lieto di incontrarvi numerosi vi porgo il Benvenuto a Cagliari.*

**Giorgio Tore**

*La Sardegna è una di quelle terre che si amano o si adorano, la vita in Sardegna è forse la migliore che un uomo possa augurarsi...*

*Fabrizio De André*

# CORSO DI OTOIMAGING

2ND COURSE ON IMAGING IN OTOLGY AND HEARING IMPLANTS

**1-2-3 OTTOBRE 2018**

Hotel Is Morus Santa Margherita di Pula (Ca)

Cari colleghi e collaboratori coinvolti nel campo della chirurgia dell'orecchio e degli Impianti uditivi, vorremmo invitarvi al "2nd Course on Imaging in Otolgy and Hearing Implants" che vuole fornire gli strumenti per meglio comprendere gli studi di Imaging ai medici che sono coinvolti nel trattamento della patologia dell'osso temporale con particolare attenzione all'applicazione di protesi uditive nel trattamento della sordità.

Il corso è suddiviso in quattro sessioni:

Otiti croniche, Tumori dell'osso temporale e Dell'Agolo Ponto-Cerebellare, Malformazioni e imaging relativi agli impianti uditivi.

Dear colleagues and co-workers involved in the field of ear surgery and implants, we'd like to invite you to this course that wants to provide the tools to better understand the temporal bone imaging studies to the clinicians that are involved in the treatment of ear pathology with a special attention to the Imaging related to the application of ear implants in the treatment of deafness.

The course is divided in four sessions: Chronic ear, Temporal bone and CPA tumors, Malformations and Imaging related to hearing Implants.

# RELATORI

Antonio Caruso	ITALIA - Piacenza / Palermo
Matteo De Iorio	ITALIA - Trento
Andrea Falzone	ITALIA - Rovereto
Frau Giuseppe Nicolò	ITALIA - Rovereto
Michal Luntz-Kaminski	ISRAELE - Haifa
Jacques Magnan	FRANCIA - Marsiglia
Neri Marinella	ITALIA - Rovereto
Erwin Offeciers	BELGIO - Anversa
Mario Sanna	ITALIA - Piacenza / Roma / Sassari
Tore Giorgio	ITALIA - Cagliari

# CORSO DI OTOIMAGING

## 2ND COURSE ON IMAGING IN OTOLGY AND HEARING IMPLANTS

PULA LUNEDÌ 1 OTTOBRE 2018

08.30 Registration

09.00 Greetings of the local representatives  
and course introduction.  
**Giorgio Tore and Giuseppe Nicolò Frau**

09.30 Temporal bone Radiological anatomy.  
**Marinella Neri**

10.15 Cone beam CT role in temporal bone imaging:  
general aspects.  
**Matteo De Iorio**

11.00 – 11.30 Coffe break

11.30 The contribution of CBCT to the pre-op work-up  
of conductive/mixed hearing loss.  
**Erwin Offeciers**

12.15 The role of imaging in the pre-op work-up  
and post-op follow-up of cholesteatoma.  
**Erwin Offeciers**

13.00 – 15.00 Lunch break

15.00 Temporal bone tumors, general aspects & CPA.  
**Matteo De Iorio and Andrea Falzone**

15.45 Vestibular schwannoma from imaging to surgery.  
**Mario Sanna and Antonio Caruso.**

16.30 Practical excises with tutors on chronic otitis media  
and CPA.  
**Marinella Neri**

17.15 Temporal bone tumors: apex, labyrinth, timpanic cavity,  
EAC and jugular tumors.  
**Matteo De Iorio and Giuseppe Nicolò Frau**

18.00 Paragangliomas from the head and neck:  
from imaging to surgery.  
**Mario Sanna and Antonio Caruso**

18.45 The operated ear: tympanoplasty,  
stapedectomy/stapedotomy, petrosectomy.  
**Marinella Neri**

19.30 End of sessions

# CORSO DI OTOIMAGING

## 2ND COURSE ON IMAGING IN OTOLOGY AND HEARING IMPLANTS

08:30 Facial nerve pathology.

**Matteo De Iorio and Giuseppe Nicolò Frau**

09:15 Il the role of implants in treating patients with chronic ear and TB tumors.

**Giuseppe Nicolò Frau; Antonio Caruso; Michal Luntz**

10:15 Neuro-vascular conflicts from imaging to surgery.

**Jacques Magnan**

11:00 – 11:30 Break

11:30 Pratical excises with tutors on TB tumors

12:15 Round table

13:00 – 15:00 Lunch break

15:00 Temporal bone malformations: general aspects and middle and external ear.

**Marinella Neri and Giuseppe Nicolò Frau**

15:45 Vascular malformations.

**Matteo De Iorio**

16:30 Inner ear malformations.

**Marinella Neri and Giuseppe Nicolò Frau**

17:15 Malformations and implants: the role of imaging on the decision between surgical reconstruction and middle ear and bone conduction implants.

**Giuseppe Nicolò Frau and Jacques Magnan**

18:00 Inner ear malformations and cochlear implantation.

**Giuseppe Nicolò Frau**

18:45 Cochlear nerve aplasia and brainstem implants cochlear nerve aplasia, inner ear malformations and cochlear ossification: the role of Brainstem implants:

**Jacques Magnan; Mario Sanna; Antonio Caruso**

19:30 End of sessions

# CORSO DI OTOIMAGING

## 2ND COURSE ON IMAGING IN OTOLGY AND HEARING IMPLANTS

PULA MERCOLEDÌ 3 OTTOBRE 2018

08:30 The pre-op imaging work-up of CI patients.

***Erwin Offeciers***

09:15 The evaluation of the facial recess in CI planning.

***Michal Luntz***

10:00 CI hearing preservation procedure:  
round window niche evaluation.

***Michal Luntz***

11:00 – 11:30 Break

11:30 The post-implantation evaluation of the ear.

***Marinella Neri and Giuseppe Nicolò Frau***

12:15 Complications and implants: imaging evaluation.

***Marinella Neri and Giuseppe Nicolò Frau***

13:00 – 15:00 Lunch break

15:00 The Otoplan in the pre-op evaluation  
of the cochlear implanta candidate.

***Giuseppe Nicolò Frau***

15:45 Role of imaging in otosclerosis.

***Michal Luntz***

16:30 Imaging hydrops of the cochleovestibular labyrinth:  
a game changer?

***Erwin Offeciers***

17:15 Practical excises with tutors on implants imaging

17:45 CME tests

18:15 Course closure

2ND COURSE ON IMAGING IN OTOLOGY AND HEARING IMPLANTS

# 7° CONGRESSO ITALO BULGARO DI RINOLOGIA

## 7TH BULGARIAN-ITALIAN MEETING ON RHINOLOGY

### 4-5 OTTOBRE 2018

Centro Congressi T-Hotel - Cagliari

Il 7° Congresso Italo-Bulgaro di Rinologia è un congresso internazionale che quest'anno beneficerà della traduzione simultanea per affrontare i seguenti argomenti:

- Il ruolo del Rinologo nel trattamento delle OSAS;
- Il trattamento medico e chirurgico delle Riniti e delle Rinosinusiti croniche;
- la Rinoplastica e la Chirurgia Plastica facciale;
- I Tumori Rinosinusali.

Dear colleagues and co-workers involved in the field of Rhinology we'd like to invite you to the 7th Bulgarian-Italian Rhinology Meeting, an international meeting that this year will focus on:

- The role of the rhinologist on OSAS treatment
- Medical and surgical management of chronic rhinitis
- Rhinosinusitis and allergy
- Rhinoplasty and facial plastic surgery
- Rhinosinusal Tumors.

# 7° CONGRESSO ITALO BULGARO DI RINOLOGIA

## 7TH BULGARIAN-ITALIAN MEETING ON RHINOLOGY

CAGLIARI GIOVEDÌ 4 OTTOBRE 2018

### *Sessione mattina*

09.00-11.00 **OSAS & CRS**

Moderatori: **Loris Pelagatti; Alessandro Bucci; Corrado Bozzo**

Il ruolo del rinologo nelle OSAS.

**Carboni Sebastiano**

The maxillo-facial surgeon role in diagnosis and treatment of obstructive sleep apnea syndrome.

**Foresti Maurizio**

DISE: The state of the art.

**Alessandro Bucci**

Chronic rhinosinusitis management in children.

**Giuseppe Nicolò Frau**

Probiotics in upper airways inflammatory diseases.

**Alessandro Bucci**

Management and Complications of ARS.

**Pavol Surda**

11.00 – 11.30 coffee break

11.30-13.00 **CRS medical & surgical therapy**

Moderatori: **Dilyana Vicheva – Elena Bolshakova**

The role of medical therapy on chronic rhinosinusitis with and without polyps.

**Giuseppe Nicolò Frau**

Sinus headache or migraine? What are we dealing with?

**Giuseppe Nicolò Frau**

Nasal obstruction in children.

**Dilyana Vicheva**

Update of Non-Allergic Rhinitis.

**Dilyana Vicheva**

Transcanalicular laser-assisted Dacryocystorhinostomy

**V. Tsvetkov, Dr. A. Korkova, Dr. L. Ivanova**

13.00 – 14.00 Lunch break

# 7° CONGRESSO ITALO BULGARO DI RINOLOGIA

## 7TH BULGARIAN-ITALIAN MEETING ON RHINOLOGY

### *Sessione pomeridiana*

14.00-16.00 **CRS medical & surgical therapy**

Moderatori: ***Ortensio Marotta – Andreas Leunig***

Endoscopic treatment of choanal atresia without stent placement.

***K. Dzhambazov, St. Markov, Al. Topalova***

Preoperative CT evaluation of the frontal sinus drainage pathway.

***Alessandro Varini***

Lost in the ethmoid labyrinth: the role of the anterior ethmoid artery as a landmark.

***Alessandro Varini***

Messy Fess my experience.

***Usamah Hadi***

16.00-16.15 coffee break

16.15-18.00 **CRS medical & surgical therapy**

Moderatori: ***Diana Zabolotna - Alessandro Varini***

Frontal sinus surgery: challenging the surgeon.

***Andreas Leunig***

FESS: the difficult to treat patient.

***Andreas Leunig***

Reboot Technique –When, Why and How.

***Hristo Zlatanov, Milev S.***

The challenging frontal sinusotomy: endonasal endoscopic treatment of K3 frontal cells.

***Alessandro Varini***

Combined approach in treatment of the frontal sinus pathology.

***Zlatanov Hr., Georgieva N., Milev S.***

Decompressione chirurgica del nervo ottico.

***E. Emanuelli***

Csf leaks from unusual site. Management strategies.

***Usamah Hadi***

# 7° CONGRESSO ITALO BULGARO DI RINOLOGIA

## 7TH BULGARIAN-ITALIAN MEETING ON RHINOLOGY

### *Sessione mattina*

CAGLIARI VENERDÌ 5 OTTOBRE 2018

#### 09-11.00 **Rhinoplasty & Facial plastic surgery session**

Moderatori: ***Alberto Scattolin - Mehdi Ahmadi***

Surgical planning in septorhinoplasty.  
How to discuss it with the patient.

***Alberto Scattolin***

Rhinoplasty with endonasal approach.

***Zanino Pusceddu***

Management of some skin-soft tissue envelope (SSTE)  
problems of the nose after rhinoplasty.

***Assen Assenov***

Open rhinoplasty basic technique.

***Armando Bocchieri***

Columellar strut: indications in closed and open rhinoplasty.

***Alessandro Varini***

A fundamental option in primary rhinoplasty: the shield graft.

***Alessandro Varini***

Suture techniques in rhinoplasty.

***Mehdi Ahmadi***

11.00-11.30 Coffee break

#### 11.30-13.00 **Rhinoplasty & Facial plastic surgery session**

Moderatori: ***Karen Dzhambazov - Alessandro Varini***

Rhynoseptoplasty in Oriental patients.

***Petko Kabakchiev***

Lateral nasal deformities rhinoplasty.

***K. Dzhambazov, St. Markov, Al.Topalova***

Rhinoplasty in the thick skin nose.

The deviated nose: how to have reliable results in treating it.

***Armando Bocchieri***

13.00-14.00 Lunch break

# 7° CONGRESSO ITALO BULGARO DI RINOLOGIA

## 7TH BULGARIAN-ITALIAN MEETING ON RHINOLOGY

### *Sessione pomeridiana*

#### 14.00-16.00 **Rhinoplasty & Facial plastic surgery session**

Moderatori: *Domenico Scopelliti - Petko Kabakchiev*

Septorhinoplasty in patients with labio-palatal schisis.

Indications, surgical planning and results.

***Domenico Scopelliti.***

Domal interruption. Why not?

***Alberto Scattolin***

Grafts in closed rhinoplasty.

***Alberto Scattolin***

Postsurgical management of rhinoplasty patients.

***Petko Kabakchiev***

16.00-16.15 coffee break

#### 16.15-18.00 **Nose and Sinuses tumors session**

Moderatori: *Giuseppe Nicolò Frau – Sergey Karpischenko*

The role of endoscopic sinus surgery in malignant nasosinusual tumors.

***Enzo Emmanuelli***

Angiofibroma and other rhinosinusual tumors in children. Treatment and results.

***Alberto Schreiber***

Endoscopic corridors to the anterior and middle cranial base. Indications and limits.

***Alberto Schreiber***

Vascular tumors of the nose & sinuses with emphasis on Lobular Capillary Hemangioma.

***Roberto Puxeddu***

Inverted papilloma: diagnosis and surgical treatment.

***Sergio Pirri and Zanino Pusceddu***

Carcinoma of the nasal vestibule: diagnosis and treatment.

***Francesco Bussu***

Laser interstitial thermo therapy of nasal and nasopharyngeal lesions.

***Sergey Karpischenko***

18.00 Test di verifica ECM e chiusura lavori

# CON LA TESTA SUL COLLO

DIETA E TUMORI DELLA TESTA E COLLO TRA PREVENZIONE E TRATTAMENTO

CAGLIARI SABATO 6 OTTOBRE 2018

## 6 OTTOBRE 2018

Centro Congressi T-Hotel - Cagliari

Cari colleghi è nostro piacere invitarvi al Congresso su Dieta e Tumori che si terrà a Cagliari il 6 ottobre prossimo.

Si tratta di un tema di grande attualità che il congresso vuole approfondire con il contributo dei maggiori esperti nazionali e internazionali nel capo della nutrizione clinica legata all'oncologia e del trattamento medico e chirurgico dei tumori della testa e collo.

Dear colleagues and co-workers, it is our pleasure to invite you to the Congress on Diet and Tumors to be held in Cagliari with the most important national and international experts in the field. It will address a highly topical issue in the field of clinical nutrition linked to oncology and the medical and surgical treatment of head and neck cancer
